Introduction

Agmatel India Private Ltd. was established in 1992 by the two technocrats with an objective of providing cost-effective products & solutions of unparalleled quality to meet the needs of the clients and demands of the market.

Agmatel initially earned its reputation as a dynamic & vibrant marketing company dealing with the two division's viz. IT & Test and Measurement Division. We offer wide range of world class products from leading principles like Apple, Sony and Samsung to our customers in Government, Defense & Paramilitary, Education, Healthcare and Public sector. The turnover of the company is more than Rs.200 Crores. We have a team of approx. 150 plus dedicated and qualified people having expertise to provide solutions varying from selection of right product for clients need, to logistics and all support services. We are an ISO 9001:2000 Company.

After dealing with Information Technology and Test & Measurement equipments, we have broadened our horizons with the addition of manufacturing facilities for Information Transaction; Retail kiosk and Digital podium. Useful Kiosk not only in versatility, but also in its ability to save resources while at the same time providing a futuristic experience. The applications are nearly infinite with

successful Agmatel projects in the following applications:

- E- Governance Projects
 - ▶ Railways: PNR Enquiry
 - ▶ NeGP - Ministry of Agriculture
 - ▶ MOD: Infantry, Signals, DG-Move, AD
 - ▶ DOP: ARROW project
 - ▶ MHA: Modernization, BSF, CRPF, ITBP, CISF, SSB etc.
- Hospitals - Patient information system, AIIMS.
- Airports, Train Stations - Flight information and ticket purchases terminals.
- Corporations - Employee bulletins, HRMS etc.
- Emergency Response Units - Maps, instructions and better coordination for relief efforts.
- Schools and Institutions: Campus information, score boards, Bulletin boards.
- Transportation: On bus, ship or Flight, Tourist information, announcement and schedules.

Above the rest

We take pride in giving you an experience far beyond the standard, at the same time, keeping costs low and passing on the savings to you.
