

# PREMIUM MIDBACK INDUSTRIAL/ESD/LAB/PHARMA CHAIR

## Product Information

This premium [industrial/ESD/Lab chair](#) from Werksitz offers plenty of room for healthy, dynamic sitting thanks to their ergonomic, tilt adjustable seats and high backrest with individually adjustable contact pressure

Seat positions can be adjusted easily with just a few quick motions. Adjusting elements are functionally arranged and are easy to use.

The fully perforated seat and backrest provide continuous air circulation and optimum sweat free working conditions in harsh industrial environment.

Removable and interchangeable Viscoelastic PUR integral foam cushions ensure optimum occupational hygiene, especially in multishift operations as these

cushions can be easily removed and cleaned with any cleansing agent with less than 40% alcohol

Other features include viscoelastic PUR integral foam chairs, tilt-able seat with thermos-sensitive properties, which enables the foam to adapt perfectly to the user's body, for optimum comfort while sitting in any work area and safety gas spring height adjustment system

Other features include washable ESD safe material chair seat and backrest which retains its ESD properties even after washing with any cleansing agent with less than 40% alcohol or even water
