# Galaxy S23 Ultra

## 1 Designed with the planet in mind

The use of conscious materials makes this our most eco-conscious smartphone ever\*. Recycled glass and PET film accent the phone's exterior, and box made from recycled paper makes it planet-loving from the moments it hits your hand.

## 2 Shades of nature

Slip into something a little more special. Fresh new colors~ inspired by nature are turned into natural dyes and infused into the polished metal frame.

## 3 The powerful S Pen

Take quick notes, doodle, or simply do all the things your fingers can't. Experience the S Pen in its new powerful avatar that comes with better latency<sup>†</sup>, and one that cares about the environment too.

Image simulated for representational purpose only. \*Made with recycled materials in certain parts. Featuring upcycled glass, plastic, film, and sustainable dyes in certain proportions in the product. For more details please visit <https://www.samsung.com/in/smartphones/galaxy-s23-ultra/buy/>. <sup>†</sup>Color availability may vary depending on country or carrier.

#### 4 Capture all things epic

A whole new level of epic is here. With a high-resolution Pro-grade Camera in the Galaxy S23 Ultra, epic clicks are not far away.

#### 5 Low light. Camera. Action.

Take crisp photos and videos, from dusk until dawn. \*Galaxy's most advanced camera sensor and fastest processor accommodate low light and reduce noise. And even the camera lens clears up the capture by toning down flare.

#### 6 Capture the details with Portrait Mode

Depth & dimension is where the Pro-grade Camera delivers. Gently blur the background to put yourself in focus and let the details shine.

## 7 Hit record, even at night

Capturing videos at night will never be this clear, smooth and packed with details. \*Shoot them in the Galaxy's most stable video in low light with 2X wider OIS and noise-reducing tech keeping your scenes cinematic.

## 8 Bring the stars to your palm

Transform a starry night into a work of art. Simply record the skies using the Astro Hyperlapse mode on your Galaxy S23 Ultra and see the magic of the night unfurl on your mobile screen.

## 9 Highest resolution ever

Nearly double the resolution of what we had, welcome the 200 MP Wide-angle Camera. The highest resolution ever in a Galaxy S series smartphone camera. The highest level of epic.

## 10 Experience raw power

^Switch into Expert RAW to finesse in greater detail. Snap in 50 MP for detailed, dynamic frames, or expand your repertoire with astrophoto, multiple exposure and other exposure features.

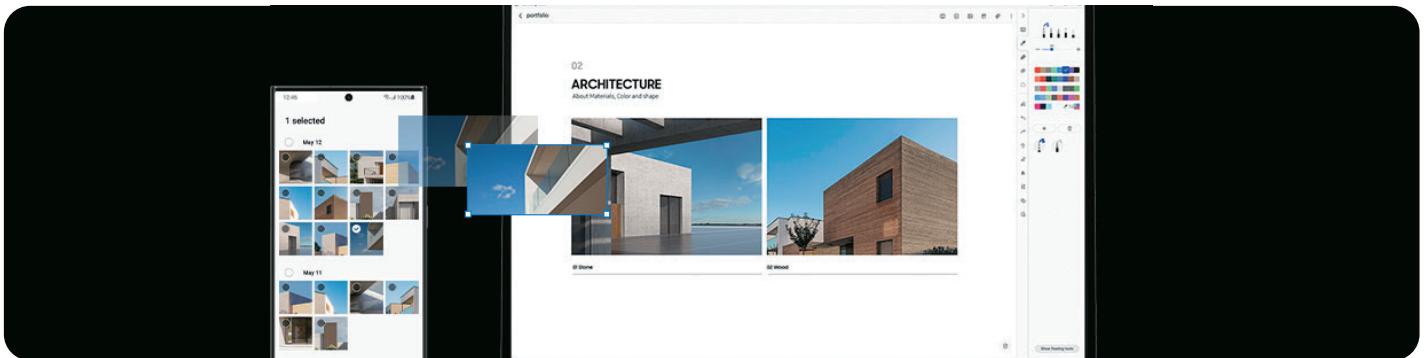

## 11 Data transfer was never this seamless

Bought the all-new Galaxy S23 Series? Want to transfer data from your old phone? It's easy. Simply download Smart Switch app<sup>~</sup>. It gives you the freedom to move your contacts, music, photos, calendar, and all that you need on your new Galaxy. Be it an android\* or an iOS\*\* user.

## 12 Multi-control for your multitasking needs

When ideas are flowing, team up your new Galaxy S23 Ultra and Windows based<sup>#</sup> PC for a 2-in-1 experience. Without switching your mouse, keyboard, or touchpad, you can work on both your devices for your most efficient screen-time yet.

## 13 Your Galaxy, your way

Now it's easier than ever to set-up your new Galaxy the way you want to. The Advanced One UI 5 maximizes customization, allowing you to pick almost every detail, from lock screens and themes to widgets and notifications.

Image simulated for representational purpose only. <sup>~</sup>Data transferring via Smart Switch requires all devices to install the Smart Switch app. Some contents, data or download apps may not transfer via this process. The amount of time required may vary depending on the data and your connection's strength. \*Android is a trademark/registered trademark of Google LLC. Wireless transfer - Android 4.0 or higher, Wired - Android 4.3 or higher. \*\*iOS is a trademark/registered trademark of Apple Inc. Wired transfer - iOS 5.0 or higher, import from iCloud - iOS 4.2.1 or higher. <sup>#</sup>Windows is a trademark/registered trademark of Microsoft Corporation. <sup>^</sup>Availability of One UI core feature apps & services may vary depending on OS version or country. Actual UI may be different.

## 1 Slays, for the planet

^Recycled materials get a new life in the epically beautiful Galaxy S23 & S23+. Buy yourself one and contribute towards the goal of being eco-conscious.

## 2 Down to earth tones

Become a trendsetter. Get yourself a color\* to match, while keeping our planet in mind. Crafted with natural dyes, you can get yourself fresh, new shades which are elegant and elevated, yet completely down to earth.

## 3 Night Selfie

The Front Camera's Dual Pixel technology focuses faster and more accurately, even in low light. Object-based AI delivers authentic color for selfies that rival in real life.

## 4 Night Selfie Video

It's not just stills that dominate the dark, you're getting pin sharp night videos, too. Now, even the Front Camera has the skills to clearly capture clips of you and your friends after the sun sets.

## 5 Epic resolution

The 50 MP Wide-angle Camera works hand-in-hand with a powerful chip, rapidly combining frames to extract bits from each into a single hi-res photo. Add in Detail Enhancer technology and you've got quality so sharp, you'll keep zooming in for more.

## 6 More light for your night

Get ready for your Gallery to be filled with epic night shots. The ones that will capture details like never before. The ones, your friends will keep asking for.

## 7 Bring the stars to your screen

Stargaze every time of the day! Capture the bright side of the night with \*Expert RAW on your Galaxy S23 & S23+ and \*\*snap constellations in breathtaking clarity.

## 8 From flops to hits

Turn your misfires into epic masterpieces! Head to your gallery and sharpen up your old photos or fuzzy GIFs while keeping your loops looking fresh.

## 9 More power to you

When does gaming go from great to epic? When you have the most powerful chip on a Galaxy smartphone- The Snapdragon 8 Gen 2\* processor. Time to experience 'fast', the way fast is meant to be.

## 10 Stay epic for longer

Calling it a night? Don't. Binge watch your favorite shows, scroll through your social feed or game all night; your battery will just not run-out. If it does, we always have \*\*fast-charging.

## 11 The display, on display

Mesmerizing now comes naturally for the FHD+ dynamic AMOLED with adaptive vision booster 1750 nits. So now, you can expect a brighter display#, no matter what time of the day and what kind of light.
